No. 774, s. 2008, NEDA Board Resolution No. 5, s. 2017, the DOH active transport playbook, and all other applicable laws, rules, and regulations, and executive issuances, the DPWH, in coordination with the DOTr and cities where public transport supply is severely insufficient, shall aim to establish proper public transport stops for the benefit of commuters, and ensure that all projects and activities pertaining to the construction, preventive maintenance, rehabilitation, reconstruction, upgrading, off-carriageway improvement, widening, or paving of primary, secondary, tertiary, bypass, and diversion roads, and the construction, widening or replacement of bridges, shall be so designed and implemented as to allocate, insofar as practicable, at least fifty percent (50%) of the road space for public transport, pedestrians, and bicycles/light mobility devices rather than the throughput of private vehicles.

All pedestrian crossings and/or footpaths and sidewalks to be constructed in accordance with this provision shall, by default, be at grade for the inclusion of persons with disability, senior citizens, pregnant women, children with strollers, tourists with luggage, and parents with children, consistent with public health and safety regulations.

For commuter safety and comfort, wherever feasible, all pedestrian and cycling infrastructure to be constructed in accordance with this provision shall be protected or grade-separated and include shaded walkways including urban shade trees, consistent with environmental laws and public health and safety regulations.

The DPWH shall, in coordination with DOTr, issue or update policies on road use classification, road space allocation, and road design, in accordance with the National Transport Policy or NEDA Board Resolution No. 5.

The DPWH shall regularly publish the list of road transformation and active transportation infrastructure projects and pertinent details thereof on its website and shall furnish copies to the DOTr.

9. Restriction on Delegation of Project Implementation. To ensure the efficient implementation of infrastructure projects, the DPWH may delegate in the following instances: (i) the AFP Corps of Engineers in high transportation security risk areas; (ii) inter-department or inter-agency projects; and (iii) LGUs with the capability to implement projects either by administration or contract as determined by DPWH, subject to the overall technical supervision of the DPWH.

In addition, for the National Sewerage and Septage Management Program, the DPWH shall: (i) provide the technical requirements; (ii) ensure that the contractors to be engaged by the LGUs are technically capable; and (iii) regularly monitor the Program.

10. Disposition of the Motor Vehicle User's Charge Collections. Of the amounts appropriated herein, Fifteen Billion Two Hundred Three Thousand Pesos (P15,000,203,000) constituting the amount collected by virtue of R.A. No. 8794, as amended by R.A. No. 11239, shall be remitted to the National Treasury as SAGF, and shall be earmarked solely for the construction, upgrading, repair, and rehabilitation of roads, bridges, and road drainage, specifically included under the Asset Preservation Program: *Provided*, That the DPWH shall disaggregate the Asset Preservation Program and submit to Congress the list of the regular and Motor Vehicle User's Charge-funded Asset Preservation Projects within fifteen (15) days from the effectivity of this Act. The DPWH shall likewise post the list on its website.

11. National Building Code Development Fund. In addition to the amounts appropriated herein, the amount chargeable against the SAGF reflected in the BESF Table B.15 under the FY 2027 Proposed Expenditures shall be used to cover necessary operating expenses of the National Building Code Development Office, sourced from the five percent (5%) share of the DPWH from the building permit fees and other charges nationwide accruing to the DPWH, pursuant to P.D. No. 1096.

Release of funds shall be subject to the submission of a budget request and other relevant budgetary requirements, and in accordance with judicious fiscal programming by the National Government, as well as applicable laws, rules, and regulations.

12. Right-of-Way Acquisitions and Payments of Contractual Obligations. The amount appropriated herein shall be used exclusively for right-of-way acquisition expenses in accordance with R.A. No. 10752 and for payment of other contractual obligations of the DPWH, relative to the implementation of infrastructure projects. The DPWH is charged with the responsibility to ensure that all right-of-way issues are resolved before the initiation of any infrastructure project.

In the implementation of the relocation of electric distribution and transmission lines affected by such projects, the DPWH may enter into a Memorandum of Agreement with National Electrification Administration, subject to existing budgeting, accounting, and auditing laws, rules, and regulations.

13. Flood Control Projects. In line with the principles of the Integrated Water Resources Management as outlined in P.D. No. 1067, the DPWH may integrate water management strategies in all its flood control projects. In addition to flood control, these infrastructure projects may include water impoundment that can be utilized for various purposes such as irrigation, potable water supply, aquaculture, hydropower generation, and other beneficial uses.

14. Unified River Basin and Flood Management Database. The DPWH, in coordination with the DENR, shall jointly develop and maintain a unified river basin and flood management database to support integrated and science-based planning for watershed rehabilitation. Such coordination shall ensure that flood control projects complement environmental protection and climate resilience goals.

15. Flood Control Project Monitoring and Geospatial Validation. The DPWH, in collaboration with the DENR and Philippine Space Agency (PhilSA), shall implement the flood control project monitoring and evaluation program, which shall be used for the satellite-based and geospatial validation of its flood control projects, including the classification, documentation, and publication of findings through an online dashboard shared with the DBM, DEPDev, and the COA.

For this purpose, the DPWH shall coordinate with the PhilSA for the sharing of technical expertise, satellite imagery, analytical tools, and data infrastructure to support timely monitoring and validation of projects. The collaboration shall include: (a) mutual access to remote-sensing and other geospatial data for project validation and tracking, with PhilSA providing space-enabled products; (b) joint development or subscription to AI-assisted flood-mapping systems; and (c) technical training for DPWH personnel in geospatial analytics.

16. Project Related Expenses. For infrastructure projects costing more than One Million Pesos (P1,000,000), the DPWH is authorized to deduct, but not to exceed the following percentages of the project cost, to be used for: (i) EAO expenses and (ii) MOOE:

(a) three and one half percent (3.5%) for releases to the Central Office;

(b) two and one half percent (2.5%) for releases to the Regional Offices (ROs);

(c) two percent (2%) for releases to the District Engineering Offices (DEOs);

(d) one percent (1%) for infrastructure projects under the Basic Infrastructure Program undertaken by the Central Office, ROs, and DEOs: *Provided*, That the one percent (1%) EAO shall be given only to the implementing unit, regardless where the fund was released; or

(e) one half percent (0.5%) for infrastructure projects of other agencies undertaken by the Central Office, ROs, or DEOs, unless otherwise provided in the special provision of the agency concerned.

For EAO expenses, the same shall be limited to: (i) administrative overhead including the hiring of individuals engaged through job orders or contracts of service or such other engagement of personnel without any employer-employee relationship; (ii) pre-construction activities after detailed engineering; (iii) construction project management; (iv) testing and quality control; (v) acquisition, rehabilitation, and repair of related equipment and parts; and (vi) contingencies in relation to pre-construction activities. The EAO expenses shall be treated or booked-up as capitalized expenditures and form part of the project cost.

Disbursements or expenditures by DPWH in violation of the above requirements shall be void and shall subject the erring officials and employees to disciplinary actions in accordance with Section 43, Chapter 5, and Section 80, Chapter 7, Book VI of E.O. No. 292, and to appropriate civil and criminal action under existing laws.

17. Implementation of Flood Control Projects in the National Capital Region. The DPWH shall implement foreign-assisted flood control projects and transfer the same to the MMDA only upon completion thereof or revision of the loan agreement indicating the MMDA as the implementing agency.

18. Project Modification. Project details, including but not limited to its description, physical target, station limits, coordinates, and reference points, authorized under this Act may be modified, adjusted, or refined prior to procurement, when warranted by detailed engineering, technical evaluation, site or geotechnical investigation, actual field conditions, or other engineering studies necessary for the proper and safe implementation of the project.

Such modification shall be subject to guidelines issued by the DPWH and appropriate supporting documents: *Provided*, That the modification shall remain consistent with the original nature, purpose, and intended infrastructure intervention of the project and shall be within the authorized appropriation; *Provided, further*, That no modification shall result in the duplication, overlapping, or double funding of projects, or the creation of a separate project not authorized under this Act; *Provided, furthermore*, That all modifications shall be properly documented, recorded in the DPWH project monitoring tools such as, but not limited to, the Transparency Portal and Multi-Year Planning Schedule Application, and made available for audit.

19. Geo-tagging of Infrastructure Projects. The DPWH shall undertake the geo-tagging of all its completed and ongoing infrastructure projects subject to the guidelines issued by DPWH.

The Secretary of Public Works and Highways and the Agency's web administrator or his/her equivalent shall be responsible for ensuring that the status of accomplishments, including the geo-tagged photos taken at a spatial resolution of 2-4 cm per pixel with time stamp of the sites, are posted in the DPWH website.

20. Quick Response Fund. The amount of One Billion Pesos (P1,000,000,000) appropriated herein for the Quick Response Fund (QRF) shall serve as a stand-by fund to be used for reconstruction and rehabilitation programs, activities, or projects, including pre-positioning of goods and equipment in order that the situation and living conditions of people living in communities or areas stricken by natural or human-induced calamities, epidemics, crises, and catastrophes, which occurred in the last quarter of the immediately preceding year and those occurring during the current year may be normalized as quickly as possible. In no case shall the QRF be used for pre-disaster activities, such as conduct of training, insurance of assets, and public information and education initiatives, or for any other purpose not authorized in this provision.

Special Provision(s)

1. **Subsidy to the National Electrification Administration.** The amount of Five Billion Six Hundred Thirty Five Million Seven Hundred Sixty Thousand Pesos (P5,635,760,000) appropriated herein under the subsidy to NEA shall be used for the implementation of the National Rural Electrification Program.

The NEA is authorized to deduct engineering and administrative overhead (EAO) expenses not exceeding three percent (3%) of the project cost. The authorized EAO expenses shall be limited to: (i) pre-construction activities after detailed engineering; (ii) construction project management; (iii) testing and quality control; (iv) acquisition, rehabilitation, and repair of related equipment and parts; and (v) contingencies in relation to pre-construction activities. The EAO expenses shall be treated or booked-up as capitalized expenditures and form part of the project cost.

In the implementation of the Strategized Rural Electrification and Operational Reliability for Electric Cooperatives Projects, the NEA shall observe the following:

- Prioritize sitios where the absolute number of indigents and the incidence of poverty are high as identified in the latest official poverty statistics of the PSA as well as those with the high probability of being energized;
- Loans outlay to electric cooperatives shall be recorded as equity contribution of the National Government to NEA when its authorized capitalization is increased by law, while grants thereto remain to be treated as subsidy;
- Release funds only to electric cooperatives which have fully liquidated funds from previous years' electrification projects: *Provided*, That non-delinquent electric cooperatives with ongoing projects that are not yet due for liquidation are entitled to a release of subsidy upon a new MOA with NEA subject to COA Circular No. 2012-001: *Provided, further*, That electric cooperatives must completely liquidate the subsidy within three (3) months from the issuance of Certificate of Final Inspection and Acceptance (CFIA): *Provided, finally*, That in cases where the electric cooperatives are not qualified to implement projects for barangay and sitio electrification, the NEA is authorized to download the subsidy to qualified electric cooperatives in strategically located neighboring areas consistent with the National Rural Electrification Program. The electric cooperative that implements the program shall liquidate the subsidy within three (3) months from the issuance of CFIA. This provision shall not apply to NEA releases for calamity grants and subsidies; and
- Prohibition on the use of subsidy for the payment of salaries, allowances, incentives, separation, or retirement benefits.

2. **Expanded Sitio Electrification Activities.** The NEA, through the electric cooperatives, is authorized to utilize funds appropriated under the National Rural Electrification Program for the implementation of sitio electrification activities including rehabilitation, upgrading, and installation or replacement of distribution facilities and equipment, as may be necessary to reduce system losses and improve the reliability and efficiency of electric cooperative distribution systems: *Provided*, That the implementation of this provision shall be subject to applicable budgeting, procurement, accounting, and auditing laws, rules, and regulations.

3. **Electric Cooperatives Emergency and Resiliency Fund.** The amount of Two Hundred Million Pesos (P200,000,000) appropriated herein shall be used exclusively for the Electric Cooperatives Emergency and Resiliency Fund pursuant to R.A. No. 11039.

4. **Equity from National Government.** The amount of Eight Hundred Fifty Million Pesos (P850,000,000) shall be used as loans outlay to electric cooperatives and shall be recorded as equity contribution of the National Government to NEA.

5. **Special Provisions Applicable to All Government-Owned or -Controlled Corporations.** In addition to the foregoing special provisions, the Special Provisions Applicable to All GOCCs shall be observed by the NEA.

No. 10149, other laws and issuances.

(b) Equity, which shall be used as capital investment of the National Government in accordance with the capitalization requirement under pertinent laws. In no case shall equity investments be used for the payment of salaries, allowances, incentives, and retirement and separation benefits, except in cases authorized by the DBM.

2. **Offsets Against Budgetary Support to Government Corporations.** The appropriations authorized herein may be offset by the BTr against the: (i) corporate payments of cash dividends under R.A. No. 7656; (ii) guarantee fees; (iii) advances for loans relented to corporations; (iv) obligations which are guaranteed by the National Government; and (v) other receivables of the government from the GOCCs.
